

## **ENVIRONMENTAL POLICY STATEMENT**

**SABA Consult Ltd provide Building Services Design Solutions to the construction industry, and is committed to operating its business in an environmental responsible manner.**

**We accept that concern for the environment and sustainability should influence the services provided by SABA Consult and be incorporated and promoted within those services.**

**In implementing our environmental policy, we will:**

- **Incorporate environmental and sustainability considerations into our design standards and practices with regard to the use of materials, energy consumption, waste disposal and recycling.**
- **Consider the environmental impact, during the planning and design stages of each project under our control, to assist to prevent pollution.**
- **Ensure compliance with all relevant environmental legislation and, where practical, with codes of practice and other requirements, such as those specified by our customers.**

**We recognise that the operations at our own premises and facilities also have environmental consequences, and this policy extends to cover the premises we occupy, and the materials we use.**

**We entrust our policy to all our employees, and look to their support and professionalism in making this policy truly effective in undertaking duties on behalf of SABA Consult Ltd.**
